HINCKLEY NATIONAL RAIL FREIGHT INTERCHANGE

The Hinckley National Rail Freight Interchange Development Consent Order

Project reference TR050007

Book of Reference

Document reference: 4.3

Revision: 9.0

March 2023

Planning Act 2008

**The Infrastructure Planning (Applications: Prescribed Forms and Procedure)
Regulations 2009 (as amended) Regulation 5(2)(d)**

1. Introduction

- 1.1 This Book of Reference is submitted as part of an application made by Tritax Symmetry (Hinckley) Limited (“the Applicant”) to the Planning Inspectorate under Section 37 of the Planning Act 2008 (“the Act”) for a Development Consent Order (“DCO”) to authorise the construction, operation and maintenance of a rail freight interchange including railway sidings and freight transfer area alongside the two-track railway between Hinckley and Leicester (“the Application”).
- 1.2 This document has been prepared to comply with Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (“the Regulations”) which requires an applicant for a DCO to provide a Book of Reference with their application. The following paragraphs explain the approach taken by the Applicant in the drafting of this Book of Reference, taking into account the requirements of the Act and the Regulations and in accordance with guidance¹.
- 1.3 The Book of Reference should be read in conjunction with the Land Plans (Document Series 2.20), the Crown Land Plans (Document Series 2.26) and the Statement of Reasons (Document 4.1).
- 1.4 Land on which the authorised development may be carried out is identified with a red line on the Land Plans and referred to as “Order Limits”. Land proposed to be subject to powers under Part 5 of the DCO is referred to as “Order Land”.
- 1.5 **Part 1:** Regulation 7 requires that this part of the Book of Reference contains the names and addresses for service of each person within Categories 1 and 2 (as set out in section 57 of the Act and explained at paragraph 1.6 below) in respect of any land which it is proposed shall be subject to: -
- 1.5.1 powers of compulsory acquisition;
 - 1.5.2 rights to use land; or
 - 1.5.3 rights to carry out protective works to buildings.
- 1.6 Section 57 of the Act explains the categories of person for the purposes of section 56(2)(d). These are as follows:

¹ Planning Act 2008 - Guidance related to procedures for the compulsory acquisition of land – issued by the Department for Communities and Local Government in September 2013.

- 1.6.1 A person is within Category 1 if the applicant, after making diligent inquiry, knows that the person is an owner, lessee, tenant (whatever the tenancy period) or occupier of the land.
- 1.6.2 A person is within Category 2 if the applicant, after making diligent inquiry, knows that the person:
- (a) is interested in the land, or
 - (b) has the power to sell or convey the land or release the land.
- 1.7 The wording “interested in the land” means that a person who is within Category 1 will automatically also be within Category 2. Part 1 of this Book of Reference has been drafted in such a way to avoid repetition of persons who fall within both categories. Columns (3), (4) and (5) of the table in Part 1 list each person who is within Category 1 (and by virtue of their “interest in the land”, are also within Category 2). Column (6) of the table in Part 1 lists those people who fall solely within Category 2 (i.e. each person who is not already within columns (3) to (5) but either has the power to sell, convey or release the land, or has an interest in the land by virtue of an easement or private right over land (the detail of which is contained in Part 3)).
- 1.8 Column (1) of Part 1 refers to the parcel number shown on the Land Plans.
- 1.9 Column (2) of Part 1 describes the relevant parcel by reference to area and location, also referring to the sheet of the Land Plans on which the parcel can be located. The description of a number of the parcels in Column (2) of Part 1 of the Book of Reference contain reference to interests in the land which are not to be affected by the proposed powers sought in respect of that land parcel. For example, where the Applicant has entered into a voluntary agreement with the freehold owner of the parcel, the Book of Reference confirms that the freehold interest is excluded.
- 1.10 There are some parcels of land shown on the Land Plans which are not proposed to be subject to powers of compulsory acquisition, but which are included in Part 1. The parcels do not have any delineation on the Land Plans, other than a parcel number. These parcels are land which is existing adopted public highway over which the Applicant proposes only to carry out highway works or “street works” under the DCO, and therefore land rights are not required.
- 1.11 The parcels referred to at paragraph 1.10 above are included in Part 1 because there are interests in the subsoil and therefore, in strict accordance with the wording of the Act and the Regulations, these persons are “interested in the land” and the land will be subject to “rights to use the land”. These interests will remain as they are and will not be subject to the powers under Part 5 of the DCO – the Applicant will simply

be undertaking highway works under the DCO powers in a similar manner to highway works carried out pursuant to an agreement under the Highways Act 1980 for developments brought forward under the Town and Country Planning regime rather than the Planning Act 2008.

1.12 **Part 2:** This part would contain the names and addresses for service of each person within Category 3 (set out in section 57 of the Act). Section 57 confirms that a person is within Category 3 if the applicant thinks that, if the order as sought by the application were to be made and fully implemented, the person would or might be entitled: –

1.12.1 as a result of the implementing the order;

1.12.2 as a result of the order having been implemented; or

1.12.3 as a result of the use of the land once the order has been implemented, to make a relevant claim.

1.13 A “relevant claim” is defined in the Act as:

1.13.1 a claim under section 10 of the Compulsory Purchase Act 1965 (compensation where satisfaction not made for the taking, or injurious affection, of land subject to compulsory purchase);

1.13.2 a claim under Part 1 of the Land Compensation Act 1973 (compensation for depreciation of land value by physical factors caused by use of public works); or

1.13.3 a claim under section 152(3) of the Act.

1.14 The Applicant has divided Part 2 in to two sections:

1.14.1 Part 2a covers qualifying persons under Section 10 of the Compulsory Purchase Act 1965 and Section 152(3) of the Planning Act 2008. The Applicant does not consider that there are any potential claimants in this regard and therefore there are no entries in this Part. Please refer to the Statement of Reasons for a more detailed explanation.

1.14.2 Part 2b covers qualifying persons under Part 1 of the Land Compensation Act 1973 (claims which may be brought as a result of the use of the works rather than the execution of the works). The Applicant does not consider that there are any potential claimants in this regard and therefore there

are no entries in this Part. Please refer to the Statement of Reasons for a more detailed explanation.

- 1.15 The Statement of Reasons contains further detail on the conclusions of the Applicant's assessment of Category 3 persons.
- 1.16 **Part 3:** This part sets out the names of all those persons entitled to enjoy easements or other private rights over the land which it is proposed shall be extinguished, suspended or interfered with. It contains the detail of those interests the holder of which is noted in column (6) of Part 1.
- 1.17 **Part 4:** This part must specify the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which the application is being made. There are several Crown interests in the Order Limits and these are specified in this Part and identified on the Crown Land Plans. The Statement of Reasons explains how Crown Land is affected by the proposed development.
- 1.18 **Part 5:** This part specifies land, the acquisition of which is subject to special parliamentary procedure, which is special category land, or which is replacement land. There are two plots of land identified in this Part and on the Land Plans. These are "Common Land", being part of Burbage Common and Woods. The Statement of Reasons explains how the Common Land is affected by the proposed development and the Applicant's approach to the powers sought over this land.
- 1.19 Land shown tinted pink on the Land Plans is proposed to be subject to the compulsory acquisition of the freehold, leasehold, tenant and/or occupier interests as well as the acquisition of existing rights and/or the creation of new rights pursuant to articles 23 and 25 of the DCO. This land will also be subject to the general powers in Part 5 of the DCO such as the power to override private rights where they are inconsistent with the authorised development.
- 1.20 Land shown tinted blue on the Land Plans is proposed to be subject to the compulsory creation of new rights pursuant to article 25 of the DCO and if necessary, this land will also be subject to the general powers in Part 5 of the DCO such as the power to override private rights where they are inconsistent with the authorised development.
- 1.21 Land shown tinted yellow on the Land Plans is proposed to be subject to powers of temporary possession pursuant to article 32 of the DCO.
- 1.22 Land shown tinted green on the Land Plans is proposed to be subject only to the powers to acquire existing rights pursuant to article 25 of the DCO or to override

third party rights or powers to extinguish, suspend or interfere with any third party rights pursuant to articles 26 and 28 of the DCO.

- 1.23 As explained at paragraph 1.10 above, land shown white on the Land Plans is not proposed to be subject to any compulsory acquisition powers.
- 1.24 The Statement of Reasons contains a detailed explanation of the purpose for which the land shown on the Land Plans is proposed to be subject to the powers pursuant to Part 5 of the DCO.
- 1.25 All references to areas in square metres are approximate.
