Dear Sir

**TR050007 Hinckley SRFI – Warwickshire County Council (20040686)
Accompanied/Unaccompanied Site Inspections**

Further to the Rule 8 Letter dated 22nd September Warwickshire County Council would like to request that site inspections be made to observe the morning and evening peak hour transport network condition at the following locations:

- A5/A426 Gibbet Hill roundabout junction, and A426 link between M6 junction1 and Gibbet Hill junction
- A5/A47 The Longshoot/A47 Dodwells junctions and A5 link between
- M69 junction1 and connection with B4109 Hinckley Road

As these are all part of the public highway, you may wish to make these inspections unaccompanied. However, we would recommend that you wear full PPE, when visiting as the roads are extremely busy. Should you wish to make an accompanied visit, we and the other Highway Authorities will make some suitable arrangements.

Yours faithfully

Joanne Archer
Delivery Lead Planning & Highways Development Management
