## **Applicant's Responses to Relevant Representations**

Document reference: 18.2

Revision: 01

**10 October 2023**

---

## 1. INTRODUCTION

- 1.1 Following acceptance of the Hinckley National Rail Freight Interchange (HNRFI) DCO application by the Secretary of State on 13<sup>th</sup> April 2023. Interested Parties were invited to register and make representations (Relevant Representations).
- 1.2 This report sets out the Applicant's response to the Relevant Representations in a tabular form and the report is structured as follows:
- 1.3 Section 1 *Land Interests* deals with specific relevant representations raised by interested parties whose interests are included in the order limits. The relevant representations made by these parties also raise general issues / concerns that have been raised by other individuals (such as noise, air quality, lighting, drainage / flooding, traffic / highway, environmental, landscape and visual impacts). These are dealt with separately in Section 6 Residents Businesses.
- 1.4 Section 2 *Statutory Bodies and Organisations*, Section 3 *Local Authorities*, Section 4 *Interest Groups*, section 5 Parish Councils deals with relevant representations submitted by these parties.
- 1.5 Section 6 *Residents Businesses* deals with relevant representations submitted by residents/businesses and is set out by common themes and concerns raised by respondees. As many of the responses raise common issues, this section does not deal with each individual representation in isolation but rather addresses the concerns raised in a single response to each identified issue.
- 1.6 The relevant representations received from the highways authorities are disappointing, to this end a highways position statement is attached to this report as Appendix A which responds in detail to the National Highways, Leicestershire County Council and Warwickshire County Council Relevant Representations.
