

National Highways Submission at Deadline 8 - Outstanding responses to ExQ

Title:	National Highways Submission – Deadline 8 – responses to ExQ
Reference:	TR050007
Applicant:	Tritax Symmetry
Proposal:	Application by Tritax Symmetry (Hinckley) Limited for an Order Granting Development Consent for the Hinckley National Rail Freight Interchange
Author:	National Highways (20040073)
Date:	8 March 2024

National Highways (“we”) has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

This submission forms National Highways’ Deadline 8 submission providing outstanding responses from ExQ. National Highways apologises for the delay in providing the responses and appreciates the ExA’s understanding for the duration it has taken to obtain and process a significant volume of data.

1.11.8 – Diversionary Routes – M69:

Could NH please provide a schedule setting out how many times, for what period of time and the reason for closure in each case this section [between junctions 1 and 3] of the M69 has been closed in the last three years? Is there any indication that this pattern would not be repeated in the future.

In summary, there were 21 planned closures and 19 unplanned closures on this section of the M69 in the period of interest. Reasons for closures are summarised below and details of each closures can be found in Appendix A.
