Hi - I just wanted to give you a you my view as a resident of Hinckley. Everywhere you look in the area, it is full of HGVs. A monstrous DPD transport hub down the A5 which in most places is single lane and has a bridge that gets smashed most days because it's too low.

They say there's a housing shortage! Not in Hinckley, every green space is disappearing, and are there doctors, dentists, schools etc, NO.

Why on earth do residents want to see more warehouses built on the lovey Burbage Common.

More workers commuting into Hinckley,  
more cars, fumes no advantages for residents. There are more areas that are not already ruined by developments, leave Burbage Common alone.
