Good morning Secretary of State for Transport,

,I would be grateful if you would explain to me your reasoning behind your decision to defer a final decision on this application, having been minded to refuse it as recommended by the Planning Inspectorate.

It is my understanding that ,throughout the whole 6 months examination, the Planning Inspectorate repeatedly requested more detailed information from the company on the very issues you seem to be wanting now.

I am therefore interested in learning your rationale for not refusing now and giving this company more time to produce further information.

In my view this seems to be more than bending over backwards to assist this company who have an ill thought out plan, based on speculative building plans purely for profit, above any real concerns to get freight off the roads.

I look forward to hearing from you on this matter

Thank You

Christine Phillips -Interested Party ref no 2003287
