ENVIRONMENT AGENCY

Water Resources Act 1991 (as amended by the Water Act 2003)

Notice of application to vary a full licence to abstract (take) water

Anglian Water Services Limited has applied to the Environment Agency for a licence.

The Environment Agency is giving notice of this application, in accordance with Section 37 of the Water Resources Act 1991 and Regulation 6 of the Water Resources (Abstraction and Impounding) Regulations 2006. The application is to vary licence serial number ANX031/0009/001 which authorises the abstraction of water from The River Welland at National Grid Reference TF 01 C6 for transfer to the Stamford Mill Stream to maintain a flow for environmental and amenity purposes.

The variation applied for is to increase the instantaneous, hourly and annual abstraction rates as follows: from 26 litres per second to 34 litres per second, 90 cubic metres per hour to 123 cubic metres per hour and 200,000 cubic metres per year to 447,000 cubic metres per year. Daily abstraction rate will remain unchanged (2,160 cubic metres per day).

We are following Government advice to manage the risks of Coronavirus to our organisation, to protect the health, safety and wellbeing of our staff and sustain our critical operations. As a result, please contact us via e-mail or use the number below to arrange to see the application documents.

Send any representation about this application by email, quoting the name of the applicant and reference number NPS/WR/034118 to the Environment Agency at: PSC-WaterResources@environment-agency.gov.uk by 20th November 2020.

For advice about how to make a representation call 03708 506 506.

SECTION 48 PLANNING ACT 2008

REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

EAST NORTHANTS RESOURCE MANAGEMENT FACILITY ORDER

NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER (DCO)

Notice is hereby given that Aугan South Limited (the "Applicant") of 4 Rudgate Court, Walton, Wetherby, West Yorkshire, LS23 7BF proposes to apply to the Secretary of State under section 37 of the Planning Act 2008 for the above mentioned Order (the "Proposed Application").

The Proposed Application seeks consent for an extension in the area and life of the East Northants Resource Management Facility (ENRMF) including an extension to the west of the existing landfill site and increasing the throughput of the waste treatment facility ("Proposed Development") at the East Northants Resource Management Facility, Stamford Road, Kingscliffe, PE6 6XK.

The Proposed Application will seek a DCO that will include authorisation for the following elements:

- The construction of new landfill void for the disposal of hazardous wastes and Low Level Radioactive waste (LLW) with a capacity of greater than 100,000 tonnes per annum (tpa) supported by a number of operational phases.
- The continuation of filling of the existing ENRMF landfill with hazardous waste and LLW the subject of the current Development Consent Order and the creation of new void at the existing site in order to tie the restoration profile into the extension area.
- The winning and working of minerals in order to create the landfill void including the use of extracted materials on site and the exportation of clay and overburden for use in engineering, restoration and general fill at other sites.
- The stockpiling of clay, overburden and soils for use in the construction of the engineered containment system at the site and restoration of the site.
- The direct input of waste into the landfill will continue at a rate of up to 150,000tpa.
- An increase to the waste throughput of the waste treatment facility to 250,000tpa which comprises an increase of 50,000tpa compared with the rate consented currently.
- A combined waste importation rate limit to the waste treatment facility and landfill of 300,000tpa which is an increase of 50,000tpa compared with the currently consented total input rate.
- The LLW which is and will continue to be disposed of at the ENRMF will be limited to that at the lower activity end of the range of wastes classified as LLW which typically has a level of radioactivity of up to 200 Bq/g.
- The diversion of services that cross the western extension to alternative routes within the application area.
- Restoration to a generally domed restoration profile in the extension area and amendment to the approved restoration profile of the existing ENRMF site to create a coherent restored landform over the whole application site.
- Restoration of the site to nature conservation interest using the soils available at the site as well as suitable imported materials.
- Completion of the landfilling and restoration operations by December 2046. This is a provisional completion date that will be updated as part of the ongoing detailed design works.

The Applicant is consulting on the Proposed Application. The Applicant has notified the Secretary of State that the Proposed Application is "Eligible" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 and therefore the Proposed Application will be accompanied by an Environmental Statement (ES). Accordingly, the Applicant has made preliminary environmental information available before completion of the ES.

A copy of the consultation materials including details of the proposals, Preliminary Environmental Information and a shorter non-technical summary, the Statement of Community Consultation, plans, maps and other documents describing the Proposed Development will be available from 26 October 2020 online at www.auganplanning.com/enrmf-planning/ and will remain available after the consultation period has ended. They can be provided by contacting ENRMF@augsanconsultation.co.uk or the telephone helpline 01904 654989.

Any requests for materials in formats appropriate to the needs of people with accessibility issues, disabilities or in other languages will be considered. The Secretary of State gives notice of the proposal to make an Order under section 247 of the above Act to authorise the stopping up of a length of Caroline Street; the whole of the highway lying between Caroline Street and Maria Street; a length of the unnamed highway connecting Maria Street and Caroline Street; and the whole of the highway lying to the west of Maria Street, at Benwell in the City of Newcastle-upon-Tyne.

If made, the Order would authorise the stopping up only to enable development to be carried out should planning permission be granted by Newcastle City Council. The Secretary of State gives notice of the draft Order under Section 253 (1) of the 1990 Act.

Copies of the draft Order and relevant plan may be obtained, free of charge, from the addresses stated below (quoting NATTRAN/NE/S247/4216) in the 28 days commencing on 23 October 2020.

Any person may object to the making of the proposed order by stating their reasons in writing to the Secretary of State at nationalcasework@dft.gov.uk or National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle upon Tyne NE4 7AR, quoting the above reference. Objections should be received by midnight on 20 November 2020. You are advised that your personal data and correspondence will be passed to the applicant/agent to enable your objection to be considered. If you do not wish your personal data to be forwarded, please state your reasons when submitting your objection.

LONDON BOROUGH OF HOUNSLOW ENFIELD ROAD AND WHITESTILE ROAD, BRENTFORD – EXPERIMENTAL PARKING RESTRICTIONS A. THE LONDON BOROUGH OF HOUNSLOW (NO.40) EXPERIMENTAL ORDER 2020

1. The London Borough of Hounslow hereby gives Notice that on 21 September 2020 it made the above Order under Section 9 of the Road Traffic Regulation Act 1984.

2. The general effect of the Order, which comes into effect on 1 October 2020, will be to prohibit vehicles from parking in parts of Enfield Road and Whitestile Road, Brentford adjacent to the experimental road closure that has been introduced on Whitestile Road between Enfield Road and Junction Road.

3. Documents giving further information of the Order can be viewed online at hounslow.gov.uk by typing in the term "traffic notices" in the search bar. Documents will be available for viewing until the end of eighteen months from the date on which this Notice is published.

4. The Order provides for the Assistant Director for Transport, Parking and Environmental Strategy, or any person authorised by him to modify or suspend the Order or any provision of it, if it appears to him or that person essential in the interests of the expeditious, convenient and safe movement of traffic or for preserving or improving the amenities of the area through which any road affected by the Order runs.

5. If any person wishes to question the validity of the Order or of any of its provisions on the grounds that it or they are not within the powers conferred by the 1984 Act, or that any requirement of the Act or of any instrument made under the Act has not been complied with, that person may, within 6 weeks from the date on which the Order is made, apply for the purpose to the High Court.

6. If the provisions of the Order continue in operation for a period of at least six months, the Council will consider in due course whether the provisions of the experimental Order should be continued in force indefinitely by means of a permanent Order. Any person desiring to object to the making of an Order for the purpose of such indefinite

continuation may, within six months of the experimental Order coming into operation, send a statement in writing of the objection and the grounds on which it is made to the Assistant Director for Transport, Parking and Environmental Strategy, Hounslow House, 7 Bath Road, Hounslow TW3 3EB or by email to trafficorders@hounslow.gov.uk quoting the reference TMO/E040/20.

Dated 23 September 2020

Mark Frost, Assistant Director for Transport, Parking and Environmental Strategy (3659944)

DEPARTMENT FOR TRANSPORT TOWN AND COUNTRY PLANNING ACT 1990

The Secretary of State gives notice of the proposal to make an Order under section 247 of the above Act to authorise the stopping up of a network of footpaths (part footway) bounded by Ryall Avenue South, Pheobe Street and Knowsley Avenue at Ordsall, in the City of Salford.

If made, the Order would authorise the stopping up only to enable development to be carried out should planning permission be granted by Salford City Council. The Secretary of State gives notice of the draft Order under Section 253 (1) of the 1990 Act.

Copies of the draft Order and relevant plan will be available for inspection during normal opening hours (09.00-4.30pm Mon-Fri) at Salford Civic Centre, Chorley Rd, Swinton, Manchester M27 5DA in the 28 days commencing on 23 October 2020. Due to the Covid-19 restrictions, please ensure that the Civic Centre is open before attending. Alternatively, the documents may be viewed at Unity House, Swinton, Manchester M27 5FJ, where they will be displayed to the left of the main public entrance to the building, adjacent to the Civic Centre car park. If you are unable to attend, you may request a copy of the documents by email (free of charge), from phlegal@manchester.gov.uk or john.nugent@salford.gov.uk.

Copies of the draft Order and plan can also be obtained, free of charge, in the 28 days commencing on 23 October 2020 by writing or emailing the addresses stated below and quoting NATTRAN/NW/S247/4386.

Any person may object to the making of the proposed order by stating their reasons in writing to the Secretary of State at nationalcasework@dft.gov.uk or National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle upon Tyne NE4 7AR, quoting the above reference. Objections should be received by midnight on 20 November 2020. You are advised that your personal data and correspondence will be passed to the applicant/agent to enable your objection to be considered. AUGEAN SOUTH LIMITED SECTION 48 PLANNING ACT 2008 REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 EAST NORTHANTS RESOURCE MANAGEMENT FACILITY ORDER NOTICE PUBLICISING A PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER (DCO)

Notice is hereby given that Augean South Limited (the "Applicant") of 4 Rudgate Court, Walton, Wetherby, West Yorkshire. LS23 7BF proposes to apply to the Secretary of State under section 37 of the Planning Act 2008 for the above mentioned Order (the "Proposed Application").

The Proposed Application seeks consent for an extension in the area and life of the East Northants Resource Management Facility (ENRMF) including an extension to the west of the existing landfill site and increasing the throughput of the waste treatment facility ("Proposed Development") at the East Northants Resource Management Facility, Stamford Road, Kings Cliffe. PE6 6XX.

The Proposed Application will seek a DCO that will include authorisation for the following elements:

- The construction of new landfill void for the disposal of hazardous wastes and Low Level Radioactive waste (LLW) with a capacity of greater than 100,000 tonnes per annum (tpa) supported by the existing site infrastructure. The new landfill area will comprise a number of operational phases.

- The continuation of filling of the existing ENRMF landfill with hazardous waste and LLW the subject of the current Development Consent Order and the creation of new void at the existing site in order to tie the restoration profile into the extension area.
- The winning and working of minerals in order to create the landfill void including the use of extracted materials on site and the exportation of clay and overburden for use in engineering, restoration and general fill at other sites.
- The stockpiling of clay, overburden and soils for use in the construction of the engineered containment system at the site and restoration of the site.
- The direct input of waste into the landfill will continue at a rate of up to 150,000tpa.
- An increase to the waste throughput of the waste treatment facility to 250,000tpa which comprises an increase of 50,000tpa compared with the rate consented currently.
- A combined waste importation rate limit to the waste treatment facility and landfill of 300,000tpa which is an increase of 50,000tpa compared with the currently consented total input rate.
- The LLW which is and will continue to be disposed of at the ENRMF will be limited to that at the lower activity end of the range of wastes classified as LLW which typically has a level of radioactivity of up to 200 Bq/g.
- The diversion of services that cross the western extension to alternative routes within the application area.
- Restoration to a generally domed restoration profile in the extension area and amendment to the approved restoration profile of the existing ENRMF site to create a coherent restored landform over the whole application site.
- Restoration of the site to nature conservation interest using the soils available at the site as well as suitable imported materials.
- Completion of the landfilling and restoration operations by December 2046. This is a provisional completion date that will be updated as part of the ongoing detailed design works.

The Applicant is consulting on the Proposed Application. The Applicant has notified the Secretary of State that the Proposed Application is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 and therefore the Proposed Application will be accompanied by an Environmental Statement (ES).

Accordingly, the Applicant has made preliminary environmental information available before completion of the ES. A copy of the consultation materials including details of the proposals, Preliminary Environmental Information and a shorter non-technical summary, the Statement of Community Consultation, plans, maps and other documents describing the Proposed Development will be available from 26 October 2020 online at www.augeanplc.com/enrmf-planning/ and will remain available after the consultation period has ended. They can be provided by contacting ENRMF@augeanconsultation.co.uk or the telephone helpline 01904 654989. Any requests for materials in formats appropriate to the needs of people with accessibility issues, disabilities or in other languages will be considered. Copies may be inspected free of charge using online facilities only at the following locations and during the hours set out below from 26 October 2020 until 14 December 2020. REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS:
PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
EAST NORTHANTS RESOURCE MANAGEMENT FACILITY ORDER
NOTICE PUBLISING A PROPOSED APPLICATION FOR A
DEVELOPMENT CONSENT ORDER (DCO)**

Notice is hereby given that Augean South Limited (the "Applicant") of 4 Rudgate Court, Walton, Wetherby, West Yorkshire, LS23 7BF proposes to apply to the Secretary of State under section 37 of the Planning Act 2008 for the above mentioned Order (the "Proposed Application").

The Proposed Application seeks consent for an extension in the area and life of the East Northants Resource Management Facility (ENRMF) including an extension to the west of the existing landfill site and increasing the throughput of the waste treatment facility ("Proposed Development") at the East Northants Resource Management Facility, Stamford Road, Kings Cliffe, PE6 6XX.

The Proposed Application will seek a DCO that will include authorisation for the following elements:

- The construction of new landfill void for the disposal of hazardous wastes and Low Level Radioactive waste (LLW) with a capacity of greater than 100,000 tonnes per annum (tpa) supported by the existing site infrastructure. The new landfill area will comprise a number of operational phases.
- The continuation of filling of the existing ENRMF landfill with hazardous waste and LLW the subject of the current Development Consent Order and the creation of new void at the existing site in order to be the restoration profile into the extension area.
- The winning and working of minerals in order to create the landfill void including the use of extracted materials on site and the exportation of clay and overburden for use in engineering, restoration and general fill at other sites.
- The stockpiling of clay, overburden and soils for use in the construction of the engineered containment system at the site and restoration of the site.
- The direct input of waste into the landfill will continue at a rate of up to 150,000tpa.
- An increase to the waste throughput of the waste treatment facility to 250,000tpa which comprises an increase of 50,000tpa compared with the rate consented currently.
- A combined waste importation rate limit to the waste treatment facility and landfill of 300,000tpa which is an increase of 50,000tpa compared with the currently consented total input rate.
- The LLW which is and will continue to be disposed of at the ENRMF will be limited to that at the lower activity end of the range of wastes classified as LLW which typically has a level of radioactivity of up to 200 Bq/g.
- The diversion of services that cross the western extension to alternative routes within the application area.
- Restoration to a generally domed restoration profile in the extension area and amendment to the approved restoration profile of the existing ENRMF site to create a coherent restored landform over the whole application site.
- Restoration of the site to nature conservation interest using the soils available at the site as well as suitable imported materials.
- Completion of the landfilling and restoration operations by December 2046. This is a provisional completion date that will be updated as part of the ongoing detailed design works.

The Applicant is consulting on the Proposed Application. The Applicant has notified the Secretary of State that the Proposed Application is "EIA development" for the purposes of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 and therefore the Proposed Application will be accompanied by an Environmental Statement (ES). **Uppingham Neighbourhood Plan Review
Call for Sites**

Local developers, land owners, developers, councils and others are being asked to submit details of potential development sites for consideration in the Refreshed Neighbourhood Plan in Uppingham.

The "Call for Sites" is part of a review of the Town Council's Neighbourhood Plan. The existing Neighbourhood Plan for the period up to 2026 will be reviewed and extended to cover the next 10 year period up to 2036. The review is being undertaken in order to comply with national planning guidance and to meet the future needs for additional new housing, employment and other development over the extended period.

The Town Council is particularly looking to find sites for new housing, affordable housing, employment and retail uses in Uppingham that would be suitable to allocate for development in the refreshed Neighbourhood Plan.

Any sites submitted to the Town Council will be assessed according to their compliance with Local Plan and Neighbourhood Plan policies and their suitability for development.

It should be noted that if a site is put forward to the Town Council, this does not imply that it will automatically be included as an allocation in the Neighbourhood Plan. Only those sites that are needed to meet requirements and which meet the criteria in terms of site size, location and suitability are likely to be allocated in the Neighbourhood Plan.

The sites put forward and allocated will be subject to further consultation through a Draft Neighbourhood Plan which is to be published for consultation later in 2021.

Site details should be submitted to the Town Council by **Thursday 31st December 2020** by way of letter or email.
