PUBLIC NOTICES

NOTIFICATION OF HEARINGS UNDER RULE 13(6) OF THE INFRASTRUCTURE PLANNING (EXAMINATION PROCEDURE) RULES 2010

SECTION 91 OF THE PLANNING ACT 2008
RULE 13(6) OF THE INFRASTRUCTURE PLANNING (EXAMINATION PROCEDURE) RULES 2010
NOTICE OF HEARINGS RELATING TO THE ENRMF WESTERN EXTENSION
PLANNING INSPECTORATE REFERENCE WS010005

Notice is hereby given that, at the dates, times and locations set out below, issue specific hearings will be held by the Examining Authority for the examination of the application made by Augsan South Ltd for a Development Consent Order (the DCO) for the ENRMF Western Extension (the Application).

SUMMARY OF THE SCHEME
The Application seeks consent for the alteration of existing and the construction of new facilities for the recovery and disposal of hazardous wastes and the disposal of low level radioactive waste at the East Northants Resource Management Facility (ENRMF) Stamford Road, Northamptonshire, PE8 6XX. (The Scheme)

- The main aspects of the Scheme comprise:
• The construction of new landfill void in the Proposed Western Extension for the continued disposal of the same range of predominantly hazardous wastes and a limited amount of low level radioactive waste (LLW) as deposited at the existing landfill site (Existing Landfill Facility) with a capacity of greater than 100,000 tonnes per annum (tpa) of hazardous waste which satisfies section 30(1) and section 30(2)(a) of the Act.
• A proposal for a coherent landform for the restoration of the Existing Landfill Facility and the Proposed Western Extension resulting in the construction of new landfill void in the Existing Landfill Facility to connect with the Proposed Western Extension with a capacity of greater than 100,000 tonnes per annum (tpa) of hazardous waste which satisfies section 30(1) and section 30(2)(a) of the Act.
• A total additional landfill void to be constructed of approximately 2.5 million cubic metres.
• The winning and working of minerals in the Scheme in order to create the landfill void and provide extracted materials for use on site as well as the exportation of clay and overburden for use in engineering, restoration and general fill at other sites.
• The temporary stockpiling of clay, overburden and soils for use in the construction of the engineered containment system at the site and restoration of the site.
• The direct input of waste into the Existing Landfill Facility and the Proposed Western Extension will continue at a rate of up to 150,000 tpa.
• An increase to the hazardous waste throughput of the Existing Waste Treatment and Recovery Facility from 200,000tpa to 250,000tpa which comprises an increase of 50,000tpa compared with the rate consented in the Original Order and the extension of the treatment area to the south while remaining within the Existing ENRMF footprint which satisfies section 30(3) and section 30(4)(b) of the Act.
• A combined total waste importation rate limit to site for the Scheme of 300,000tpa which is an increase of 50,000tpa compared with the rate consented in the Original Order.
• The LLW which will continue to be disposed of at the Existing Landfill Facility and will be disposed of in the Proposed Western Extension will be limited to that which is at the lower end of the activity range and typically will have a level of radioactivity of up to 200 Bq/g.
• The diversion of the overhead electricity cable that crosses the Proposed Western Extension to a trench which follows the route of the water pipes across the Proposed Western Extension and then follows the western margin of the site to the northern corner.
• The operational hours of the site will not change from those already consented in the Original Order.
• Restoration of the whole site to generally defined profiles to create a coherent restoration landform.
• Restoration of the site to improve biodiversity and nature conservation interest using the soils available at the site as well as suitable imported materials. The site will be restored to a mosaic structure of woodland with shrubby edges, flower meadow grassland, scattered trees, hedgerows and waterbodies.
• Completion of the landfilling and restoration operations by December 2046 and removal of the Existing Waste Treatment and Recovery Facility.
• Retention of infrastructure until 2046 and the retention of long term management infrastructure beyond this date.

HEARINGS
The programme for the Examination of the Application including a number of hearings will be published on the National Infrastructure Planning website. Those hearings taking place in March will be held at the dates, times and locations set out in the table below.

Table with 4 columns: Date, Hearing type, Time, Place. Rows include Tuesday 29 March 2022 (Issue Specific Hearing 1), Tuesday 29 March 2022 (Issue Specific Hearing 2), and Wednesday 30 March 2022 (Issue Specific Hearing 2).

Please note that part 2 of the ISH 2 - Environmental matters hearing will not take place if all matters are concluded in part 1. If part 2 is cancelled this will be notified in the banner on the National Infrastructure Planning website and no other notice will be given.
If you wish to attend any of the above hearings please can you let the Planning Inspectorate Case Team know at the contact details at the end of this notice by Tuesday 22 March 2022

Joining instructions will be issued via email in advance of each hearing to parties who notified the Planning Inspectorate of their wish to speak at the hearings.
Any hearings further to those listed above will be advertised by one or more further notices. In accordance with Rule 13 (3) of the Infrastructure Planning (Examination Procedure) Rules 2010, as amended, the Planning Inspectorate will also notify interested parties of the date, time and place fixed for each hearing.

For more information on these hearings, the examination of the Application and full timetable (and any amendments to it), including how and when to register to speak at the hearings and how and when to make written submissions, or to observe the issue specific hearings please contact the Planning Inspectorate using the details below (under "Further Information"), or visit its website where procedural decisions and notices of hearings are available to download.

COPIES OF THE APPLICATION

Copies of the Application documents including the draft Development Consent Order and the Environmental Statement can be viewed and downloaded online at the Planning Inspectorate website project page: https://infrastructure.planninginspectorate.gov.uk/projects/east-midlands/east-northants-resource-management-facility-western-extension/

- A paper copy of the documents may be inspected free of charge by appointment only at the following location during the hours set out below:
• ENRMF, Stamford Road, Northamptonshire, PE8 6XX
Please telephone 01904 654989 to make an appointment to visit during normal working hours.
Digital copies of the documents may be inspected free of charge at the following location:
• Dundie Public Library, Glapthorn Road, Dundie PE8 4JA
Opening hours: Monday, Wednesday, Friday 10am - 4pm and Saturday 10am - 2pm
You are advised to contact the location before visiting to check that it is open as this venue is governed by an independent organisation and opening hours may be subject to change.

ACCOMPANIED SITE INSPECTION

In addition to the above hearings, the Examining Authority has arranged a site inspection in the company of interested parties on Tuesday 5 April 2022. The site inspection will commence from 10am. Participants are asked to assemble at the site entrance ready for a prompt departure at 10am to commence the accompanied site inspection. A final itinerary for the accompanied site inspection will be published on the Planning Inspectorate's project website on or before Wednesday 30 March 2022. https://infrastructure.planninginspectorate.gov.uk/projects/east-midlands/east-northants-resource-management-facility-western-extension/

If you wish to attend the site inspection please contact the Planning Inspectorate's Case Team, at the postal or email address at the end of this notice by no later than Tuesday 22 March 2022

FURTHER INFORMATION

Further information about the Application, the hearings, how to take part in the Examination and any other matters covered in this notice may be obtained from the Planning Inspectorate or Augsan South Ltd using the following contact details:

Contact details for The Planning Inspectorate Augsan South Ltd and Augsan South Ltd, including email and telephone information.

JOBS

South Lincolnshire Academies Trust Join our team

Human Resources Officer
Salary £24,401 to £34,745 per annum
depending on experience and qualifications
37 hours per week, 43 weeks per year
Required from April/May 2022

South Lincolnshire Academies Trust wish to appoint a highly skilled and experienced Human Resources Officer to work at their Spalding Academy site.

This is an exciting time for Spalding Academy as the school is expanding with brand new facilities and classrooms where student numbers will increase by 150 over the next five years.

The successful candidate will:
• Be a highly skilled and experienced Human Resources Officer who wants to work in a role where there is ample opportunity to apply your organisational and administrative skills;

- Have at least 3 years' experience, at senior management level, in a broadly comparable role, preferably within a school environment;
• Have excellent written and inter-personal skills;
• Have extensive experience of MS Office packages;
• Be proficient in taking minutes, assertive and pro-active;
• Be flexible in their approach to their working hours;

The Trust offers exceptionally pleasant working environments. Our school sites offer a calm and safe place, where staff and students work hard, achieve a great deal and enjoy excellent working relationships.

The Trust is committed to safeguarding and promoting the welfare of children and young people and expects all its staff and volunteers to share this commitment. All post holders are subject to satisfactory clearances prior to taking up an offer of employment.

For an application form and further information please contact Miss Vanessa Weeskes (SLAT Director of Human Resources) via email vweeskes@bourneacademy.org or telephone her on 01778 422365. Closing date for applications is 9am Tuesday 15th March 2022. Interviews will follow shortly thereafter.

We look forward to hearing from you.
