

Department for Levelling Up, Housing and Communities

THE EAST NORTHAMPTONSHIRE RESOURCE MANAGEMENT FACILITY
ORDER 2023

THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT ASSESSMENT)
REGULATIONS 2017

NOTICE OF A DECISION ON AN APPLICATION FOR AN ORDER GRANTING
DEVELOPMENT CONSENT FOR EIA DEVELOPMENT

The Secretary of State for Levelling Up, Housing and Communities (“the Secretary of State”) gives notice under regulation 31(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 that a determination has been made on an application made by Augean South Limited for development consent under the Planning Act 2008 (“the 2008 Act”) for Environmental Impact Assessment development. This Order grants development consent for the construction of a new landfill void to the west of the currently consented hazardous waste and low level radioactive waste landfill area and the alteration of the consented restoration profile at the East Northamptonshire Resource Management Facility, Stamford Road, Kings Cliffe, Northamptonshire. This Order increases the consented throughput of waste to the existing waste treatment and recovery facility and the total input rate to the site, and extends the operational period of the current site activities and the western extension to 2046. This Order also authorises further development within the Order limits and imposes requirements in connection with the development for which it grants development consent.

The Secretary of State has determined, following consideration of the report of the Examining Authority which conducted an examination into the application, that development consent should be granted and has decided, therefore, to make an Order under sections 114, 115 and 120 of the 2008 Act. The statement of reasons for deciding to make this Order granting development consent, which has been prepared by the Secretary of State under section 116 of the 2008 Act and regulation 31(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, containing the content of the decision, the requirements imposed in connection with the development, the main reasons and considerations on which the decision is based including relevant information about the participation of the public, a description of the main features to avoid, reduce and offset any major adverse effects of the development and information regarding the right to challenge the decision and the procedures for doing so, is published on the Planning Inspectorate’s web-site at:
