Dear Sirs

I write in relation to the above project and wish to express my objection to the utilisation of Chambers Wharf as the main drive site.

I would emphasise that I wholly support the need for the overall Thames Tideway Tunnel.

I object to the use of Chambers Wharf as the main drive site for the following reasons:

1. The site is situated close to a residential area and will result in wholly unreasonable levels of pollution and noise for 7 years, 3 of which will be for 24 hours a day, 7 days a week. This not only adversely impacts the many residents in the area but also the children at the nearby Bevington Street school, one of the best primary schools in London. A whole generation of children at the school would be denied the ability to play outside in their playground, and their playground is one of the few chances they have to play outside, not to mention the adverse impact on their education. These plans would make normal life impossible for residents in the area.

2. A far better option for the main drive site would be at Abbey Mills, a brownfield site and in an area with no nearby residents.

Yours faithfully,

EBMiddleton
