Reference number: 10018138

Dear Sirs

We act for the Battersea Power Station Development Company.

We are writing to you further to your letter of 15 October 2015 setting out the proposed hearing dates for the Thames Tideway Tunnel examination procedure.

We wish to request that our client's evidence is heard towards the end of the hearing period, in the week of 14-17 January 2014. Our client is involved in ongoing negotiations with Thames Water and is hopeful of reaching an agreement in respect of the outstanding issues between them before the conclusion of the examination.

We look forward to hearing from you

Yours Faithfully

SJ Berwin LLP
