**Subject:** RE: WW010001 - Thames Tideway Tunnel - Compulsory Acquisition Hearings 14-17 January - Request to Confirm Attendance - Port of London Authority - unique reference number SP00049

Dear Tayo Olaitan,

Thank you for your message.

The Port of London Authority does not have any representations to make concerning the s.128/138 application and will not accordingly be attending the hearing on 14 January.

The PLA has objected to the s.131/132 application and will attend the hearing on 17 January. I take it NPCU has sent PINS a copy of the objection but if it would assist you to have a copy direct from me please let me know.

While I am writing I can notify you of the PLA's other intended attendances.

The PLA will attend the hearings on 20 and 21 January (DCO), 22 and 23 January (drive strategy) and 24 January (traffic).

The PLA will also wish to attend the Compulsory Acquisition Hearings on 27 and 28 January if they relate to land with which the PLA is concerned. I am not aware that details have been published of the land-to be dealt with in these hearings. Please may I know when this information is to be made available?

Regards,

Alison Gorlov
