

APPENDIX C – EXAMINATION LIBRARY

This examination library contains a list of representations and documents that were put to the Panel during their consideration of the application. Each entry has a unique reference and a link to the document on the Planning Inspectorate website.

To aid navigation the submissions have been listed under sub-headings relating to events that occurred between the submission of the application and the end of the examination. Some submissions contain information relevant to more than one event and sub-heading. Where this is the case they have only been listed once.

Readers should therefore be aware that, in the instances noted above, each sub-category may not contain a comprehensive list of every submission made in relation to that particular event and that other relevant submissions may be listed under another sub-heading.

INDEX

Application Documents	-
Procedural Decisions	PD
Relevant Representations	RRP
Written Representations	WRR
Representations	APP/REP
Other Documents – documents received during the examination not included in the above categories. Also includes Adequacy of Consultation responses received from Local Authorities	OD
Hearing and Site Visit – audio recordings of the Preliminary Meeting and hearing sessions and correspondence received in relation to the site visits	HEA/SV
Report on the Implications for European Sites	RIES
