F.A.O. Liz Wood-Griffiths

Dear Liz,

The Thames Water Utilities Limited (Thames Tideway Tunnel) Order (SI:2014/2384)

Application for a non-material change to realign the main tunnel in the vicinity of the King Edward Memorial Park Foreshore (KEMPF) worksite and to provide consent for the construction of a connection tunnel between the KEMPF CSO drop shaft and the main tunnel.

Thank you for your submission dated 14th August 2019 to make a non-material variation to the above mentioned Development Consent Order ("DCO").

Following pre-application engagement from Tideway on this matter and the subsequent review of the information provided, the Environment Agency is satisfied that the risks to the environment and flood defences have been adequately addressed. As a result we are writing to confirm our approval of this non-material variation to the DCO.

If you have any further questions regarding this matter please do not hesitate to contact the embedded project team.

Yours sincerely,

Ian Moxon
East and Blackfriars Bridge Foreshore Contract Manager
