**Date:** 23 June 2020

Dear Sir/Madam

**The Thames Water Utilities Limited (Thames Tideway Tunnel) Order (si:2014/2384)<sup>1</sup>  
Application for a non-material change in relation to Victoria Embankment Foreshore  
(VCTEF) and Blackfriars Bridge Foreshore (BLABF) sites**

We received an email from Tideway, dated 26 May 2020, informing us of this non material change to the DCO application. In summary, we understand approval is sought to amend:

- the site works parameter plan for the VCTEF site;
- the site works parameter plan for the BLABF site;
- the extent of loss of listed river wall plans at BLABF sheets 1 and 2; and
- the demolition and site clearance plans at BLABF sheets 2 and 3 (of 5).

The proposed non material change seeks to amend the approved drawings and revise the references to these plans.

We have reviewed the information submitted with the application and have no objection to the proposed amendments to the DCO.

I trust this is satisfactory but if you have any queries, please contact me.

Yours sincerely

**Mrs Candice Albon**  
**Sustainable Places Advisor - Thames Tideway Tunnel**
