Dear Sir/Madam,

I refer to the application for an amendment to the Thames Water Utilities (Thames Tideway Tunnel) Order 2014 made in accordance with section 153 and Schedule 6 of the Planning Act 2008 and the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulation 2011 (as amended).

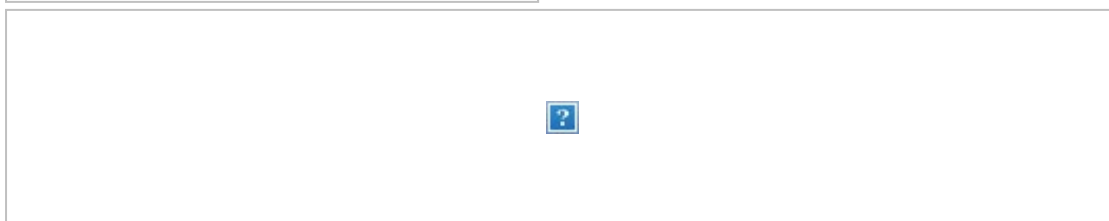

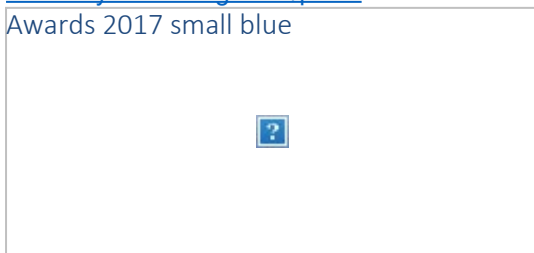

The proposed amendments to the Development Consent Order are in response to issues raised by City officers and will provide benefits to the City in terms of access to the reinstated pipe subway. These changes are considered to be non-material for the reasons set out in the applicant's accompanying statement and therefore the City raises no objections to those changes as set out in the proposed amendment order.

Yours sincerely,

Ted Rayment
Assistant Director Development
