Subject: Natural England Response - Application for a non-material change in relation to the Victoria Embankment Foreshore (VCTEF) and Blackfriars Bridge Foreshore (BLABF) sites

Dear PINS,

Many thanks for sending over the consultation for the above sites where the non-material change is being requested.

Having taken a look at the proposed changes and given what they relate to we wouldn't have any concerns to highlight regarding these at this time. The proposals all relate to minor amendments to plans/references for works at foreshore sites which we would have made broader comment on (or not) in the original DCO.

I trust that this satisfies your requirements however do contact us should you need any further clarifications.

Regards,

Piotr Behnke
