Dear Ms Bessell

**Application by Thames Water Utilities Limited for the Thames Tideway Tunnel:
Written Representations**

I am writing on behalf of the London Borough of Southwark to express concern at the large volume of information forming part of the written responses to the Examining Authority's First Written Questions which was received last week. The written responses require a detailed review prior to the commencement of the Hearings this week and whilst the Council has used best endeavours to review and assimilate as much of the material as possible in the extremely tight timescale, it will not be possible to review all the material prior to the Hearings this week.

We trust that The Examining Authority will accept further submissions beyond any made at the Hearings by way of the written comments on the Written Representations, due on 4 December 2013. I should be grateful if you would confirm.

Yours sincerely
