

Thank you for your email of 18 November 2013 with regard to your request for a consolidated hearing addressing all issues relevant to the LB Hammersmith and Fulham. Your request has been forwarded to the Examining Authority for consideration.

Please note that the agendas for both the First DCO hearings and Compulsory Acquisition hearings have been published on the Thames Tideway Tunnel project website, and are available at:
<http://infrastructure.planningportal.gov.uk/projects/london/thames-tideway-tunnel/?ipcsection=overview>

At the above hearings you will have the opportunity to engage in the "round-table" session on a without prejudice basis, within the parameters set out in the agenda. You will also note from the examination timetable (set out in the Rule 8 letter of 26 September 2013) that there is a further opportunity to submit written representations for the deadline of Monday 2 December 2013, and further opportunities to submit written submissions in accordance with the timetable deadlines.

In accordance with the above timetable, if the Examining Authority considers that further hearing sessions are required, you will be notified of these on or before 19 December 2013. At this time the Examining Authority will also issue a second set of written questions, which will cover issues that require further responses.
