Table 1-1: Schedule of plans in this application document..... 1

1 Introduction

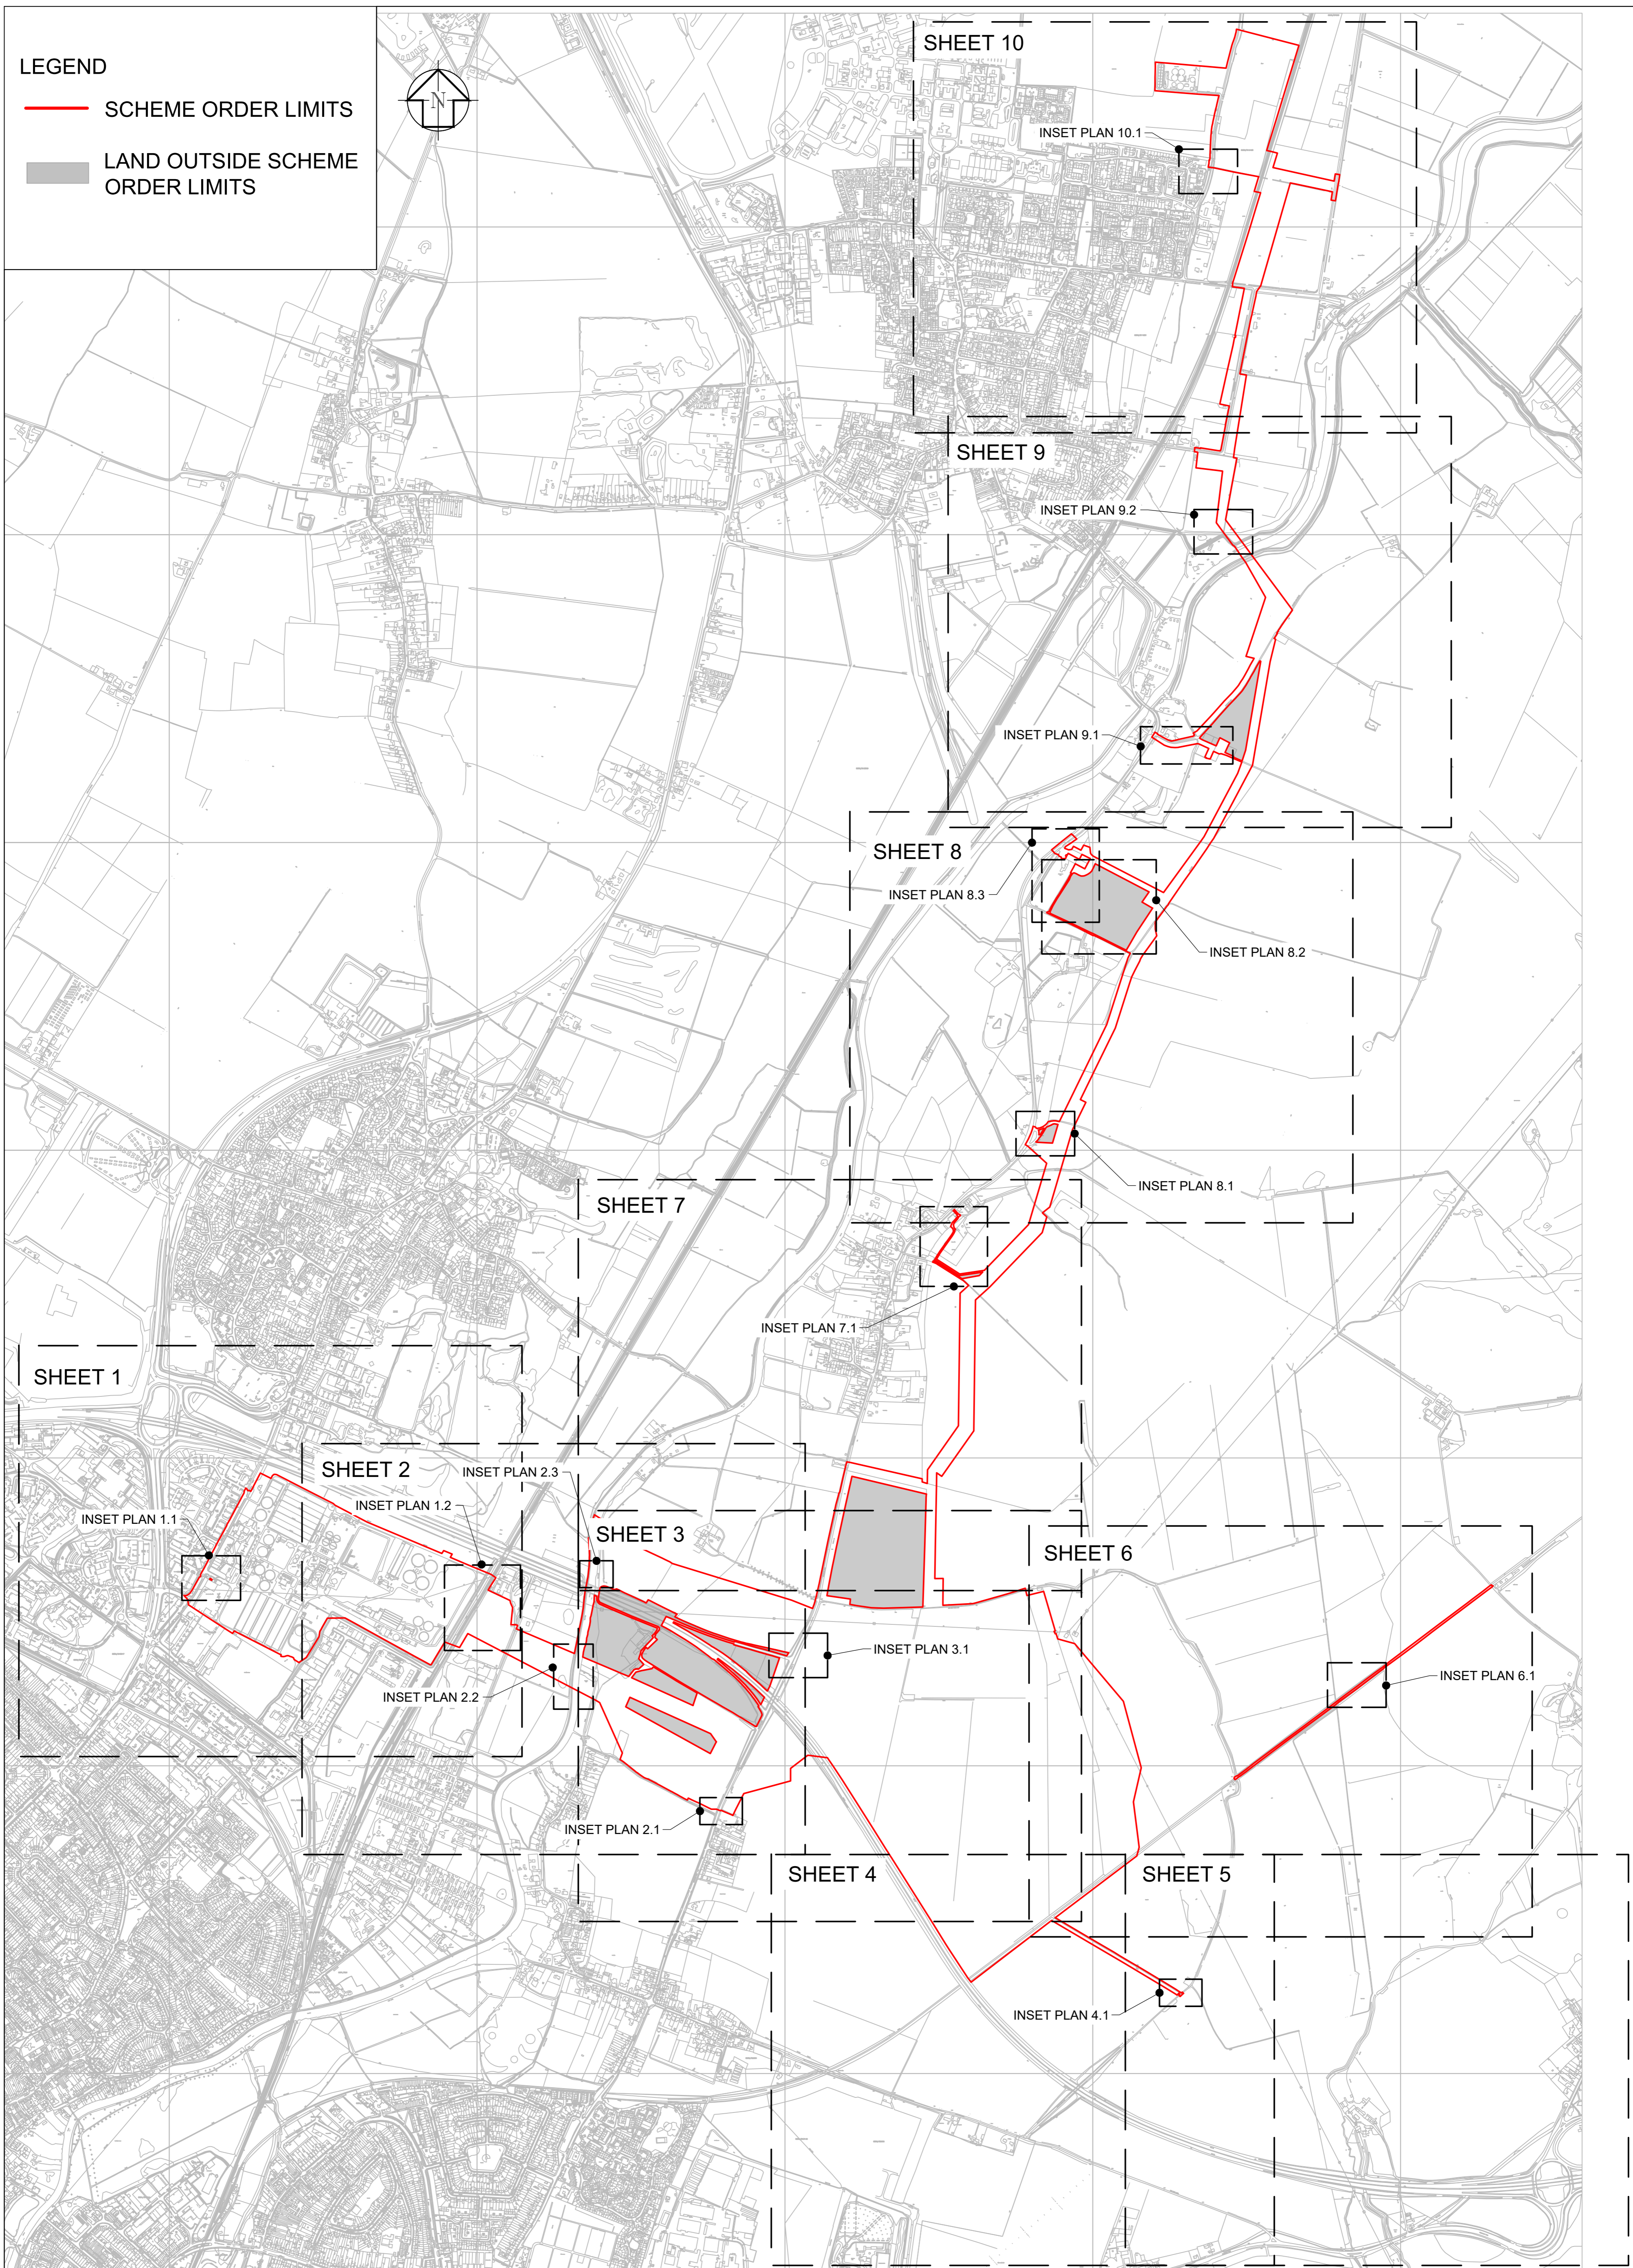

- 1.1.1 The General Arrangement Plans (the Plans), listed in Table 1.1, relate to an application made by Anglian Water Services Limited (the “Applicant”) under section 37 of the Planning Act 2008 (the “2008 Act”) for a Development Consent Order (DCO) for the Cambridge Waste Water Treatment Plant Relocation Project.
- 1.1.2 The Plans are included in the DCO application in compliance with Regulation 5(2)(o) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the “2009 Regulations”), which require:
- “5(2) The application must be accompanied by—*
- (o) “any other plans, drawings and sections necessary to describe the proposals for which development consent is sought, showing details of design, external appearance, and the preferred layout of buildings or structures, drainage, surface water management, means of vehicular and pedestrian access, any car parking to be provided, and means of landscaping;”*
- 1.1.3 For ease of cross referencing, the drawing sheets been provided with the same sheet layout, including Inset Plans and even where a particular sheet might not be relevant to a set of plans, for the following application documents: 4.2 General Arrangement Plans, 4.3 Works Plans, 4.6 Rights of Way Plans, 4.7 Access & Traffic Regulation Order Plans, and 4.8 Hedgerow and Tree Preservation Order Plans.
- 1.1.4 As these Plans are part of the application documentation, they should be read alongside and are informed by the other application documentation. In particular, these Plans should be read alongside Schedule 1 (Authorised Development) of the Draft Development Consent Order (Application Document Reference 2.1) and the Works Plans (Application Document Reference 4.3).
