Categories: Deadline

You don't often get email from diversion.inquiries@cityfibre.com. [Learn why this is important](#)

Afternoon,

your area of interest is affected by Live City Fibre Network.

The attached i sent in the previous email, which was sent to us by yourselves, indicates your interests of this area.

We (the diversionary inbox) have acknowledged your email and formally informing yourselves our network may be affected along Cowley Road if you are going to make and alterations to the ground.

The information you have provided would fall under C2 enquiries.

This email is for the person/department who will be considering affected utilities when detailed plans have been designed by yourselves.

I hope this makes sense.

Kind regards,

C A Telecom Diversionary Team

Caution: This message originated from OUTSIDE CityFibre. Think before you click. Report anything suspicious.

Good afternoon,

Thank you for your email.

Could you please provide us with more information and confirm if there is an issue we should be aware of so we can address your email accordingly.

We look forward to hearing from you.

Kind regards

Melissa

Some people who received this message don't often get email from diversion.inquiries@cityfibre.com. [Learn why this is important](#)

Good morning all,

Please could you forward this to the correct department if this is not for yourselves.

Thank you for informing us on your area of interest.

I can confirm there is currently Live City Fibre Network within your area of interest that would be affected at this present time.

To check out City Fibres present Network, please use the tool below for you to access the City Fibre Data on our Emap system.

Thank you.

Hello,
Thank you for your email.

From the information you have provided us with, this enquiry falls into the C2 category of the NRSWA Act of 1991. At present we are unable to provide you with a C3 estimate as detailed plans would be required from yourselves in order for this document to be produced.

Thus, we would recommend you to use the City Fibre online enquiry service found at <https://plant.cityfibre.com>.

(Terms and conditions and a user guide can be found on that page).

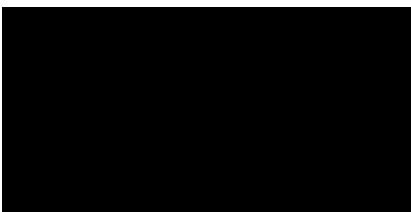

Please use the following details:

From this, you will be able to see if there are any existing assets in your proposed area along with future assets which may be installed. We recommend you check this system as regular as necessary. Please get in touch to request a formal C3 estimate when required.

Regards,
CA Telecom Diversionary Team.

Disclaimer: City Fibre Network is forever being installed across the UK. Please be mindful that we recommend you to check for new apparatus being built regularly, using the above tool as this could change at any stage of your project.
