1	Compulsory Acquisition Schedule	1

1 Introduction

1.1.1 The Compulsory Acquisition Schedule contains:

- All category 1 landowners, whether or not they have made a representation in respect of the dDCO, from whom the Applicant requires Compulsory Acquisition of land, Compulsory Acquisition of rights/restrictions, and/or Temporary Possession of land.
- Any other category 1, 2 or 3 persons who have made a representation in respect of the dDCO.
- All statutory undertakers who have made a representation.

1.1.2 The Compulsory Acquisition Schedule does not include category 1 lessees, tenants or occupiers who have not made a representation because such persons do not have the legal capacity to convey or grant the necessary land or land rights independently from the landowner and negotiations are therefore taking place in the first instance with the landowner. Engagement has still taken place with those parties.

						<u>Category 1</u>	<u>Permanent</u>	<u>039a, 039c</u>	<u>Yes – New Rights/ Restrictive Covenants</u>	Ongoing but not relating to CA.	In October 2022, Cambridgeshire County Council was sent written notification that, in order to facilitate the construction of the CWWTPRP, the Applicant would need to acquire land and rights over the land in which they had a freehold interest, which it was hoped could be secured by negotiation, but that should that not prove possible, powers of compulsory acquisition would be included in the draft DCO. At this stage terms were proposed for the acquisition of those rights. The Applicant has attempted regularly, over the entire period between initial contact and through the early Examination process, to communicate with the agents appointed by Cambridgeshire County Council, and at times with Cambridgeshire County Council to confirm their agents continued to be appointed, however no substantive progress has been made to date. A new surveyor was appointed on the 13 th October and the Applicant is confident that this will accelerate progress. The County Council agent is now in contact with the Applicant. As a result, the negotiations to progress the terms for the acquisition of the rights by negotiation can continue <u>are now moving forward</u> . A further update will be provided to the ExA at Deadline <u>45</u> .
