You don't often get email from [REDACTED]@cambridgeairport.com. [Learn why this is important](#)

Dear Sir/Madam,

On behalf of Cambridge City Airport, I can confirm that, we have engaged with the Applicant on the Cambridge Wastewater Treatment Plant during the last two years and have discussed the scope and requirement for a Wildlife Hazard Management Plan and provisions for the management and application of the relevant permits for cranes that will be required during construction.

I have reviewed the following documents.

**Wildlife Hazard Management Plan – (App Doc Ref 5.4.8.18) [App103]**  
**Code of Construction Practice Management Plan – (App Doc Ref 5.4.2.1) [REP4-040]**  
**Consents and other Permits Register – (App Doc Ref 7.1) [REP1-047]**

I have the following observations, the number of fruit bearing trees is of concern and would appreciate this to be looked at and reduced where possible to reduce the possibility of a strike.

The documents provide the appropriate measures and protections sought at this stage and Marshalls will continue to engage with the Applicant and the Relevant Planning Authority during the discharge of requirements.

Many thanks  
Scott
