**Anglian Water Services Limited – The Cambridge Waste Water Treatment Plant  
Relocation Project - WW010003 Deadline 8 (D8)**

**Application Ref: WW010003**

Dear Deborah,

Although the Examining Authority (ExA) did not request any further information to be submitted at Deadline 8 (17<sup>th</sup> April 2024), as set out in the Rule 8 Letter (dated 24<sup>th</sup> of October 2023) (PD-007), the Applicant wishes to provide comment on a number of submissions received at Deadline 7, these are outlined below.

**Comments on Deadline 7 submissions**

The Applicant has reviewed the submissions from Interested Parties submitted at Deadline 7 (12<sup>th</sup> of April 2024) and wishes to provide its final comments in relation to the following submissions:

- Environment Agency
- National Highways
- Network Rail
- The Cam Conservators

**Final dDCO provided at Deadline 7**

The ExA will note from our letter submitted at Deadline 7 dated 12 April 2024 there were two minor errors that had been identified after the Applicant's final dDCO had been validated. The Applicant has not received a request for an amended, re-validated Order and would therefore like to re-draw attention to those two items and politely request that they are addressed in the ExA's DCO to be included in its recommendation report to the Secretary of State.

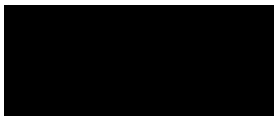

### Documents submitted by the Applicant at Deadline 8

The following application documents have been submitted to ExA as part of the Applicant's Deadline 8 submission:

- 1.3 The Guide to the Application – updated to reflect the submissions provided by the Applicant at Deadline 8;
- 7.14.1 Cadent Gas Limited – Signed Clean SoCG; The Applicant submitted at Deadline 7 the final Statement of Common Ground with Cadent Gas which had been signed by the Applicant but was not at the time signed by Cadent Gas. Cadent has now returned the signed clean version and this is enclosed.
