

HORNINGSEA PARISH COUNCIL

Steve Reed OBE MP  
Secretary of State  
Water Infrastructure Planning and Delivery Unit  
Department for Environment, Food and Rural Affairs

4<sup>th</sup> September 2024

Dear Sir

**Application by Anglian Water Services Ltd for an Order granting Development Consent for the Cambridge Waste Water Treatment Plant Relocation Project (DCO/CWWTPR24)**

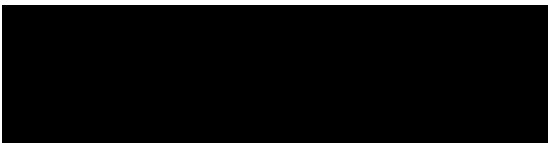

This is a response from Horningsea Parish Council (IP 20041361) to your letter dated 13 August 2024 inviting representations from Interested Parties to a Post Examination submission made by the Applicant on 19<sup>th</sup> July 2024. That submission contained an updated Cumulative Impact Assessment taking account of planning permissions and related consents sought or granted since the close of the Examination.

Throughout the course of the DCO process, Horningsea Parish Council has been immensely grateful for the incredible skill, insight and diligence the Save Honey Hill campaign group (IP20041423) has contributed on behalf of the Horningsea community.

The Save Honey Hill group responded to your letter of 13<sup>th</sup> August 2024 in a letter to you dated 23<sup>rd</sup> August 2024. We would like to state our total and continuing support for the group and wholeheartedly agree with the contents of its response.

We respectfully ask the Secretary of State to do as the Save Honey Hill group requests and in conclusion refuse the Development Consent Order application.

Yours Sincerely

Hayley Livermore, Clerk  
Horningsea Parish Council
