We acknowledge receipt of the invitation issued by the Secretary of State on the 16<sup>th</sup> October to respond to the proposed updates to national planning policy and their relevance to our Application for the Cambridge Waste Water Treatment Plant Relocation Project (“the Project”).

As requested, we have reviewed the implications of the proposed policy changes, especially those relating to housing growth, as they pertain to the Project’s assessment. Additionally, we have provided our perspective on the appropriate weight that the Written Ministerial Statements and draft policies should hold in the decision-making process.
