Introduction

This document provides a guide to National Grid's Richborough Connection Project Development Consent Order application. The original application was submitted to the Planning Inspectorate on 14 January 2016, and accepted for examination by the Examining Authority on 11 February 2016.

Since submission a number of the original application documents have been revised and new documents produced. This guide charts the submission of these documents to the Planning Inspectorate.

This is a live document and will be updated throughout the examination period and submitted, when updated, for each deadline.

Master Document List

The master document list table commences on page 2 and provides a full list of all the documents submitted to date. indicating either the latest revision (if applicable) or when a new document was submitted.

For ease of navigation these documents are grouped by volumes as follows (note the colours continue throughout on the document covers):

Volume	This volume
1. Application Information	provides details of the specific application information required by the Planning Inspectorate
2. Draft Development Consent Order	outlines the legal powers we are seeking from the Government to build the proposed connection
3. Compulsory Acquisition Information	provides evidence of why we may require legal powers of compulsory acquisition
4. Plans and Drawings	contains the plans which show where we propose to undertake the work
5. Environmental Information	shows how we assessed the potential impact on the environment
6. Consultation Report	provides details of the pre-application consultation that we have undertaken on the project
7. Other Documents	includes additional documents produced for the application submission
8. Examination Submissions	is for new documents submitted to the Planning Inspectorate

Highlighted documents are the latest versions

				o the Planning Inspectorate
